Lesson Objectives

At the end of this lesson, you are expected to:

- identify the advantages of social media and communication, and
- determine the use of current technology to assist and facilitate the expression of ideas in the transmittal of information

Social Media

- “a form of mass media communications on the Internet (such as on websites for social networking and microblogging) through which users share information, ideas, personal messages, and other content (such as videos)”

The Editors of Encyclopaedia Britannica (2025)

Anderson (2023)

Advantages of Social Media

1) Anyone can publish

Anyone can share information via social media. What we can post and see online can't be fully dictated or controlled by editors, governments, and media.

2) Free source of information

Most platforms are easily available on our phones for free. The usual reason for these being free is that *you* are the product.

(Sus, 2023)

Advantages of Social Media

3) Builds social contacts

Many platforms use algorithms that make it easier for us to meet people with the same interests.

4) Lets people find their subculture

We are no longer confined to making friends with those in our community. We can have friends all over the world.

(Sus, 2023)

Advantages of Social Media

5) Allows the truth to get out

The truth can still reach people despite efforts by governments and establishment media to prevent the truth from getting out.

6) Excellent communication tool

Social media enables us to communicate with our families, friends, and colleagues in other countries or cities.

(Sus, 2023)

Advantages of Social Media

7) It can help with self-development

Social media platforms enable us to follow inspirational people and see information related to our interests.

8) It can be educational

Students can use these platforms to share learning materials and learn from one another in communities or groups.

(Sus, 2023)

Advantages of Social Media

9) It can help businesses to thrive

Business owners can use social media to promote or advertise their business to their targeted audience and to those interested.

10) It can improve career opportunities

Social media platforms bridge the gap with global employers.

(Sus, 2023)

Advantages of Social Media

11) It can help people stay in touch with news

Users can use social media to keep in touch with the latest events through sources they trust.

12) Encourages creativity

Social media enable people to share their creative output like videos, artwork, and written works.

(Sus, 2023)

Advantages of Social Media

13) Acts as a platform for entertainment
Social media provides numerous modes of entertainment.

14) You can earn money
Social media can be a means to earn money through different ways.

(Sus, 2023)

Advantages of Social Media

15) It can help disarm social stigma

Social media can be used to raise awareness on taboo and sensitive topics. It can also be used to fight off discrimination.

16) It stores unprecedented amounts of historical information

Social media archives our lives, hobbies, and interests, among others.

Maica Regina M. Escosio

Lesson Objectives

At the end of this lesson, you are expected to:

- identify the disadvantages of social media communication

Disadvantages of Social Media

1) It can lead to addiction

Users can become addicted. Thus, it is important to be aware of time spent online using social media.

2) Increase online bullying

While social media enables people to share their thoughts and information, some use it to bully others.

(Sus, 2023)

Disadvantages of Social Media

3) Can lead to body image issues

Through social media, people can lead to comparing themselves to others.

4) Can be misused for spreading misinformation

Lies, misinformation, and propaganda can be spread online.

(Sus, 2023)

Disadvantages of Social Media

5) Can affect relationships

Excessive time spent online can lead to conflicts in relationships. People can become too engrossed in their virtual lives.

6) Can cause sleeplessness

Staying up late to use social media can lead to difficulty sleeping.

(Sus, 2023)

Disadvantages of Social Media

7) Can lead to leaks of private information

Shared personal information can be used to target victims. Thus, users must be vigilant in differentiating trustworthy from untrustworthy links and sources.

8) Can be abused by employers

Employers can use social media to surveil, intimidate, or manipulate their employees.

(Sus, 2023)

Disadvantages of Social Media

9) Can increase stress

Too much information can overwhelm and cause stress and anxiety. Users can also feel pressured to remain active on social media.

10) Facilitate laziness

Users might become too preoccupied with their online activities and this can hinder productivity.

(Sus, 2023)

Disadvantages of Social Media

11) Leads to polarization

Users might only see biased information once the algorithm learns of the users' likes or interests.
